	Work Required / Fault Description
<p>Please wrap well and use a tracked / insured service if possible as I cannot accept responsibility for any loss or damage in transit to me.</p> <p>Please do not send power supply, leads etc. unless agreed with me in advance. Also please note that I do not repair monitors.</p> <p>I will contact you as soon as possible after receipt with an estimate for repair. If not acceptable, only return shipping will be charged.</p> <p>PLEASE NOTE: International Customers who need to complete a customs form.</p> <p>It is very important that the customs declaration makes it clear that you are sending an item for repair, not a sale. The value on the form should be ZERO. (This is independent of any insurance which you may have taken out). Failure to comply with this will almost certainly result in my having to pay an import fee which I will have no choice but to pass back to you, or reject the delivery in which case the computer may be returned by the courier or destroyed according to their normal policies.</p>
