Radio Bygones, Issues Nos 1 – 6

ARTICLES & FEATURES

AERONAUTICAL	ISSUE	PAGE
Airship by Stan Crabtree	3	20
Birth of Airborne Wireless by Tim Wander	5	4
First Airborne Radio Telephony by David Pritchard	6	12
Radio Goes to War by Chas E. Miller	1	3
AMATEUR		
Albert Pearce and the Wireless by F. C. Judd	3	8
Stereo via Amateur Radio by F. C. Judd	5	26
Vintage Years of Amateur Wireless by Stan Crabtree		
Part 1	2	4
Part 2	3	18
Part 3	4	10
Part 4	5	21
Part 5	6	25
AUDIO		
Amplifier for 78rpm Records by Chas E. Miller	1	14
Dynamic Range vs Ambient Noise	5	11
History of Magnetic Recording by F. C. Judd	2	18
Stereo via Amateur Radio by F. C. Judd	5	26
BOOKS		
Classic Book Review by Richard Q. Marris		
<i>Everymans Wireless</i> (F. J. Camm)	3	25
<i>Golden Classics of Yesteryear</i> (D. Ingram)	5	28
New Books:		
<i>Amateur Radio in the UK and Greece</i>	5	2
<i>Radios – the Golden Age</i>	6	2
<i>Vibroplex Collector's Guide</i>	6	2
<i>What's on the Wireless</i>	3	2
BROADCASTING		
BBC Network 3 Programme 'Sound' by F. C. Judd	5	20
First Ladies of Pirate Radio by A. Lester-Rands	2	10
Gerald Marcuse (G)2NM by Pat Hawker	2	12
Hague Concerts from PCGG by Pat Hawker	5	6
HCJB, Voice of the Andes by Andrew Steele	4	8
Sounding History (BBC World Service)	3	26
CARTOONS		
Heritage Trail	4	32
Practising for Retirement	5	29
Two-way Working	2	32
Very much a valve man	1	15
CIRCUITRY		
Amplifier for 78rpm Records by Chas E. Miller	1	14
Mighty HRO by Peter A. Hopwood	2	24
Reaction by Ian Hickman	6	22
Yesterday's Circuits by Gordon J. King		
No. 1 Volume Expansion	2	14
No. 2 Bandspreading	3	22
No. 3 Bandspreading/Magic Eyes	4	18
No. 4 Automatic Volume Control	5	18
COMMENT		
Changes to RB	2	1
EMC	4	1
Hello!	1	1
Memories	3	1
Our First Year	6	1
The Passing of Radio	5	1
CONSTRUCTION		
Battery Eliminator for Valved Radios by Rod Burman	3	12
Letter	4	31
Bias Subjects by John I. Brown	3	10
Substitute Grid Bias Battery by Ray Holmes	1	31
Letter	2	30
Thoughts on Power Supplies by Tony Hopwood	3	10
DOMESTIC		
Apparatus we have Tested	1	24
AVC Problems by John I. Brown	3	24
Contemporaries of the DAC90 by Arnold Costain	1	23
Information Department by Chas E. Miller	1	8
Murphy Short-wave Specials by Lorin Knight		
Part 1	3	28
Part 2	4	25
RI 'Airlie' by Eddie Phillips	1	16
The Pye Story by Diction	1	28
MARITIME		
Coast Radio Stations by Brian Faulkner	6	18
Wireless and the ss Titanic by A. Lester-Rands	3	4
MILITARY		
Wireless Set No. 38 by Louis Meulstee	6	3

MISCELLANY

Backward Step for Radio? by Tony Hopwood	4	32
Baghdad Morse? by G2BZO	3	32
Letter	4	30
Letter	5	30
Coil Corrosion	2	32
CO	2	32
Culver Cliff Wireless Station by Tim Wander	3	23
Days at Pye and Ekco by Raymond W. Edwards	5	24
Ever Been Had? – Dynamic Range vs Ambient Noise	5	11
Full Circle by Bob Wilson	6	24
Gas-mask Box Receiver	1	19
Jottings by the Way by Chas E. Miller	1	26
Keeping the Fun in the Interest by Dennis Lisney	5	32
Late News by Barnaby Hindsyte	1	32
Physiological Radio Detectors by Geoffrey Walsh	3	14

ARTICLES & FEATURES

AERONAUTICAL		
Restoring the R.1116 by <i>T. R. Sanderson</i>	52	5
AMATEUR		
Those were the days (1938 licence)	49	14
AUDIO		
Twenties loudspeakers, beginners' guide by <i>Derek Jaques</i>	53	11
BOOKS		
Bakelite Style	53	28
From International Waters, 60 years of offshore broadcasting	53	28
German Radio Communication Equipment up to 1945	52	11
Guglielmo Marconi in London	54	3
Prospero's Wireless, P. P. Eckersley biography	53	29
Shortwave Receivers Past & Present (3rd Edn)	53	28
Old Television	54	2
BROADCASTING		
BBC Westminster colour studio 1972 by <i>Larry Coalston</i>	52	16
Catastrophe transmitters by <i>Alan Davies</i>	53	25
FM Radio faces the digital threat by <i>Pat Hawker</i> 1. Developments up to WWII	50	12
2. Return to peace	51	26
CIRCUITRY		
Tune-O-Matic (Atwater Kent 511)	53	30
CLANDESTINE		
SR 128 transmitter/receiver by <i>A. J. Wedgwood</i>	54	5
COMMENT		
CD publications	49	1
Morse test proposals in the UK	53	1
Letter	54	32
Museum(ology). Morse test proposals	54	1
Radio museum future	52	1
Warrior-2 complete. Readers ADs problems	51	1
50th RB. Warrior-2 delayed.....	50	1
CONSTRUCTION		
Home-brew valve tester by <i>G. F. M. Engel</i>	52	19
Mains power supply for battery sets by <i>Michael Mucklow</i>	50	30
.....	51	3
Simple FM tuner by <i>Sir Douglas Hall</i>	50	11
Letter	52	34
Twin pentode receiver by <i>C. M. Lindars</i>	51	24
12-volt PSU for small valved sets by <i>Ben Nock</i>	50	20
DOMESTIC		
Domestic tape recorders by <i>A. W. Green</i>	51	16
Ekco of a golden age - the PB289 by <i>Peter Lankshear</i>	49	19
Letter	52	32
Letter	53	35
Murphy magic by <i>Terry McGough</i>	53	19
Murphy Radio, post-war inspection/test by <i>Lorin Knight</i>	53	22
Perdio Radio, early recollections by <i>Rod Burman</i>	54	14
Radiola 60 restoration by <i>Mike Lemin</i>	51	5
Letter	52	2
Tune-O-Matic	53	30
MARITIME		
Eletra, Marconi's floating laboratory by <i>Brian Faulkner</i>	49	24
MILITARY		
German WW1 trench set by <i>Dick W. Rollema</i>	53	C1,4
Hellschreiber by <i>Richard König</i>	51	12
Letter	52	32
IFF radio identification systems by <i>Colin MacKinnon</i>	51	21
Rees Mace CAT (BR2169) receiver by <i>Ben Nock</i>	49	28
Letter	50	33
SR 128 transmitter/receiver by <i>A. J. Wedgwood</i>	54	5
TCS range transmitters/receivers by <i>Ben Nock</i>	50	4
WS (Canadian) No 58 Mk.1/T by <i>Ben Nock</i>	52	26

MISCELLANY

A family business by <i>Tom Winchcombe</i>	53	32
Eletra, Marconi's floating laboratory by <i>Brian Faulkner</i>	49	24
Perdio Radio, early recollections by <i>Rod Burman</i>	54	14
Politics of HF radio by <i>S. F. Brown</i>	54	19
Schoolboy beginnings by <i>Joe Fitzgerald</i>	52	10
Wireless for the blind by <i>Graeme Wormald</i>	50	10

Interested in vintage wireless or military radio?

Why not subscribe to *The Vintage Wireless Trader*. Published approx. every four months. Contains 100s of out of print old and collectable wireless books, magazines, ephemera, vintage communication and domestic receivers, government surplus military equipment, valves and components, etc., at affordable prices as well as subscribers wants and sales. Send £6.00 for the next four issues.

FILAMENT TRANSFORMERS Mains input, output 6.3V at 1.5 amp, £5.95. P&P £2.00. 6.3V at 1 amp, £4.95. P&P £2.00.

MAINS TRANSFORMERS Type A mains input, output 230V at 45mA, 6.3V at 1½ amp, £7.50. P&P £3.50. Type B mains input, output 215V at 100mA, 6.3V at 2 amp, £9.50. P&P £4.50.

ACORN VALVES Type 954. Brand new and boxed, £4.50 each. 2 for £8.00.

MES DIAL BULBS 6.3V 0.3 amp. 10 for £3.

A DIGITAL HANDHELD LCR METER Measuring inductance, capacitance and resistance. 3.5 digit, 1999 count, I.c.d. display, inductance range 2mH to 20H, capacitance range 2000pF to 200µF, resistance range 200Ω to 20MΩ. Brand new and boxed with test alligator clip leads and user manual. £44.00 + £4.00 P&P.

DOUBLE-GANG 50+50pF AIR-SPACED TUNING CAPS. Size 1½in. x 1¼in. £4.50 each. P&P £1. 2 for £10 post free.

50pF POSTAGE STAMP TRIMMERS, 2 for £1.

VALVE BASES Octal B7G B9A. All 50p each. B9G bases for EF50, etc. Top quality. 3 for £4.00.

HIGH VOLTAGE CAPACITORS 0.01µF 2kV polyester, size 1in. x ¾in. x ¼in. 5 for £3. 0.0047µF 1000V wkg mixed dielectric axial, 1in. x ¼in. dia. 0.1µF 1000V wkg mixed dielectric axial. 0.05µF 600V wkg axial. 0.68µF 800V wkg Mylar dipped axial. All 60p each. 1µF 250V wkg axial type. 10 for £2.00.

HIGH VOLTAGE ELECTROLYTICS 10µF 400V wkg axial, 22µF 250V wkg axial, 47µF 385V wkg radial. All 50p each. 68µF 480V wkg can electrolytic, 2in. x 1½in. £4.50 each. 2 for £8.

VINTAGE CARBON ONE WATT RESISTORS Useful values. Pack of 50 £3.00.

VINTAGE CARBON ½WATT RESISTORS Pack of 50 £2.25.

LOG POTS WITH SWITCH 5k, 500k, 1Meg. 2 for £4.50.

WIREWOUND RESISTORS 10Ω to 20k, 3W to 10W, 30 mixed values. £4.00. P&P £1.00.

¼ WATT METAL/CARBON FILM RESISTORS 250 for £1.00.

P&P £2 under £12.00, over Free unless otherwise stated.

BOOKS AND MANUALS

EARLY WIRELESS by Anthony Constable. This excellent book retraces the paths of history which culminated in the final appearance of the wireless set as a tangible domestic article. Many early sets are illustrated. Much information is provided from which the modern student of wireless history can profitably draw. 167 illustrated pages including many half tones. A superb hardback. £15 carriage £6. The author founded the British Wireless Society in 1976.

AVO VALVE TESTER SWITCH SELECTOR CODE AND VALVE DATA AND EQUIVALENTS BOOK. Covers AVO testers type CT160 VT160, VCM MkI, VCM MkII, VCM MkIII, VCM Mk IV, VCM163. Over 240 pages covering all the necessary settings and data for testing 1000's of valves. Facsimile reprint £15.00 P+P £3.75.

THE CHRONICLE WIRELESS ANNUAL. A 1930's reprint of a manual for set builders. Contains numerous projects on short wave receiver construction. (breadboard layout). Crystal receivers. Short wave listening. Numerous photo's and period adverts. 138 pages Laminated covers. £11.95 including postage, new.

CLYDESDALE GOVERNMENT SURPLUS WIRELESS CATALOGUE

Circa 1950's A facsimile reprint of the firms 179 page catalogue containing government surplus wireless equipment, petrol generators, ex government photographic equipment with photo's and details of receivers and transmitters, guide path, gear etc. £11.25 including postage.

TWELVE TESTED WIRELESS SETS AND HOW TO MAKE THEM by Percy Harris. Originally published in 1923. Full constructional details, layouts for single and multiband breadboard receivers, including a "Reinartz" receiver. Many photos and illustrations. 118 pages. Laminated covers. Facsimile reprint. £11.50. P&P £2.

VINTAGE RADIO VALVE LINE-UP GUIDE 1930s-1950s. This invaluable book contains the valve line-up and replacement guide for hundreds of radios, pre-war and post-war. 118 pages. £12.50 including post.

A. T. SALLIS GOVERNMENT SURPLUS RADIO SALES CATALOGUE 1959. Contains 200 photos and details of Government surplus wireless items including components, receivers, equipment, etc. 92 pages. Facsimile reprint. £9.75 including post.

R1155 RECEIVER DATA 47 pages £12.50 including p&p.

MULLARD VALVE DATA AND EQUIVALENTS HANDBOOK. Over 300 pages of valve data, base connections, characteristics and operating conditions for Mullard valves and their equivalent makes. Facsimile reprint. £16.50 + £3.50 p&p.

EDDYSTONE COMMUNICATIONS RECEIVER DATA 1950-1970. A facsimile reprint of the circuit diagrams, general description and some service notes. 50 pages. £11.50.

MANUFACTURERS COIL DATA FOR RADIO CONSTRUCTORS. A large format manual giving much data on coils for constructors such as Osamor Wearite, Denco etc., with associated circuitry for valves and transistor radios. Illustrated. Facsimile copy. £9.95 + £2.00 postage.

BROWN BROS. 1920s CIRCUIT DIAGRAMS. Layout and construction details of crystal, two valve, three valve, four valve and five valve sets. Plus one valve and two valve amplifiers and one valve crystal and crystal plus two valve sets. 20 large format pages. Laminated covers. Facsimile reprint. £9.75 + £2.00 P&P.

RCA RECEIVING TUBES DATA. For valves used in military equipment in WWII. Characteristics, pin connections, 15 large format pages. Facsimile reprint. £6.50 including post.

FREE READERS' ADVERTS

This free service is for the use of *Radio Bygones* readers for their private sales and wants ONLY.

ANY ADVERTISEMENTS FROM TRADERS, OR FROM APPARENT TRADERS (e.g. THOSE WHO SUBMIT LONG LISTS OF ITEMS ON A REGULAR BASIS), WILL BE REJECTED

1. WRITE YOUR ADVERT CLEARLY AND LEGIBLY preferably in block letters or typewritten.
2. USE NO MORE THAN 45 WORDS, including a contact name and telephone number, and preferably your address as well.
3. KEEP ALL ADVERTS COMPLETELY SEPARATE FROM OTHER CORRESPONDENCE.
4. KEEP 'WANTED' AND 'FOR SALE' ITEMS ON SEPARATE SHEETS.
5. If you wish to you can SEND A COLOUR PRINT PHOTOGRAPH (or JPG file) of ONE ITEM in your advert, taken against a plain background. The photo must be in focus, show the whole of the equipment with a little background all around it and must be marked with your name and address and the make and model of the equipment on the back.
NOTE: We cannot return these photos, nor can we guarantee to publish them, but we will endeavour to use all photos that meet the above requirements. We cannot accept photos showing more than one item of equipment, nor can we accept transparencies or photostats.

6. Every ad must have your FULL NAME AND ADDRESS attached, even if you do not want them published in full.

7. SEND YOUR ADVERTISEMENT TO: Radio Bygones, Wimborne Publishing Ltd, 408 Wimborne Road East, Ferndown, Dorset BH22 9ND, England. MARKING EACH PAGE 'RB READERS' ADVERT'. Email radlobygones@wimbome.co.uk

Any advertisements not meeting these requirements may be rejected or modified

The closing date for receipt of adverts to appear in our next issue, due out on 24 November 2006, is 27 October 2006.

FOR SALE

Antique portable radio FM/MW/LW, Bush Model TR130 (colour brown) mains/battery. £19 + p&p. Hardback book *Principles of Electronics* by M.R. Gavin and J.E. Houldin, published by the English Universities Press Limited. (1959) price £1.50 + £3 p&p.

Free: four reel to reel tape recorders: Grundig TK23L Auto, Grundig TK18, "Sound" Riviera BSR, Ferrograph Heavy

Professional 3/4 x 7/2 ips machine. Also; wooden radios: Etronic console model JCA540, Bush AC11, GEC BC5441, Pye P45 & P75. All working £50 the lot. Buyer to collect. 01904 700230 (York).

Vintage magazines: QST 300 copies 1946 - 1972, also bound copies of *Short Wave Magazine* and *RSGB Bulletins/Rad Comms* from 1947. Tequipment d/beam oscilloscope D61A; crystal microphones - AC06 MIC16 and Brush BR25 - offers? T. Knight G2FUU, Homefield, Back Lane, Nazeing, Essex EN9 2DD. Tel 01992 892274.

Radio compass, complete set-up with loop aerial, in streamline pod, cabling, control box, pilots indicator + manual etc 1960s £80. B.V.W.S *The Bulletin* from 1995-2005 complete as new condition offers for the lot. John GOXJB Tel. 01622 791982 (Aylesford) Mobile 07734 757477

WANTED

52 Set Transmitter & PSU. John GOXJB Tel 01622 791982 (Aylesford) Mobile. 07734 757477.

Books from the early 60's named *Basic Electricity* (6 in series?) Written for the US Navy and adapted by the REME for UK use. Published by 'The Technical Press Ltd.' N.P. Liljestone Tel 01702 714290 (Leigh on Sea).

Circuit diagram and/or service data for Pye Solent Marine DF RX, phone Brian on 01606 883110 (Cheshire).

Reel to reel tapes required any size e.g. 5 inch (25.5cm dia) 5 1/2 inch & 7 inch spool, must be in excellent condition. David Shore Tel. 01625 533840 (Wilmslow)

Marconi operation and maintenance manuals for TF1101, RC Audio Oscillator. 893B AF Power Meter. Also: KW2000B SSB Transceiver (Ham Band) not Marconi, photo copies acceptable. Payment can be made by cheque on Lloyds TSB from my account in Tiverton Devon. Peter Le Quesne, 23 Oriel Place, Napier 4112, New Zealand. Phone +64 6 843 8212 email pleq_tbc@clear.net.nz

Remote control for Panasonic CD radio double cassette recorder model RX-DT07 (colour black) call Norman on 01772 732571 (Preston).

Information on location/existence of ERA, Microreader/Synoptic Decoder manufacturers. Or someone to give advice on connecting various printers. My old serial dot matrix has expired - unable to get a replacement. 01570 493 496 (Tregaron) arthur_rose30@hotmail.com

Clydesdale own-make valved three-waveband radio, c1951 - working or not. Would pay a substantial sum. Please provide photo or JPG image. Contact Thomas on 0141-773 4184 (Glasgow).

Buy or swap - to complete Gee-H MK1 installation. Blackout unit Type 3, Control unit type 410. Phil Racher 01403 260795 (Horsham) or phil-racher@supanet.com

Portable radio receiver in good shape, model XCR-30, if possible version MK11, made by Barlow Wadley, circa 1970 in South Africa. For contact in Brazil: Carlos Fazano - fazanoquantun@yahoo.com.br website: www.aidadcoeletron.hpgvip.ig.com.br

FREE READERS' ADVERTS

This free service is for the use of *Radio Bygones* readers for their private sales and wants ONLY.

ANY ADVERTISEMENTS FROM TRADERS, OR FROM APPARENT TRADERS (e.g. THOSE WHO SUBMIT LONG LISTS OF ITEMS ON A REGULAR BASIS), WILL BE REJECTED

1. WRITE YOUR ADVERT CLEARLY AND LEGIBLY preferably in block letters or typewritten.
2. USE NO MORE THAN 45 WORDS, including a contact name and telephone number, and preferably your address as well.
3. KEEP ALL ADVERTS COMPLETELY SEPARATE FROM OTHER CORRESPONDENCE.
4. KEEP 'WANTED' AND 'FOR SALE' ITEMS ON SEPARATE SHEETS.
5. If you wish to you can SEND A COLOUR PRINT PHOTOGRAPH (or JPG file) of ONE ITEM in your advert, taken against a plain background. The photo must be in focus, show the whole of the equipment with a little background all around it and must be marked with your name and address and the make and model of the equipment on the back.
NOTE: We cannot return these photos, nor can we guarantee to publish them, but we will endeavour to use all photos that meet the above requirements. We cannot accept photos showing more than one item of equipment, nor can we accept transparencies or photocopies.
6. Every ad must have your FULL NAME AND ADDRESS attached, even if you do not want them published in full.
7. SEND YOUR ADVERTISEMENT TO: **Radio Bygones, Wimborne Publishing Ltd, Sequola House, 398A Ringwood Road, Ferndown, Dorset BH22 9AU, England. MARKING EACH PAGE 'RB READERS' ADVERT'. Email radiobygones@wimborne.co.uk**

Any advertisements not meeting these requirements may be rejected or modified

The closing date for receipt of adverts to appear in our next issue, due out on 28 November 2008, is 1 November 2008.

FOR SALE

Valvetester Hickock. Tables and circuit. 115 volt. Offers. Buyer to collect. G.A.H. Heaney G3MDQ Tel. 01395 444121 (Devon).

Racal RA66 Panadaptor and MA282 Buffer Amp. Racal MA79 transmitter drive unit. Racal RA17L spares. Racal RA177 receiver. Collins CV-157 ISB adaptor. Collins R-389 LF receiver. Rob Tel 01509 670886 Mobile 07702 706259 Email racalrob17@yahoo.co.uk

AVO-Meter Model Eight Mk.Five. Good working condition, leads included. £30. Bush Bakelite DAC 90A. Brown. Good working condition £35. 200 old copies of *Practical Television* from 1950s to 2006. £1 each or a deal for a large order. D. Smith Tel 01455 441968 (Hinckley) Mobile 07599 831069.

Racal RA17L Serial #553. Complete but loss of signal in RF stages, suspect CV3998 (E180F). Also RA17 serial 1401, less knobs and

valves. Both have handbook, operating instructions, repair and circuits. Buyer to collect. Richard Tel 01843 597873 (Ramsgate, Kent).

Radio Bygones 1 to 111 in folders. (Complete to date). Offers. Buyer to collect. Adair Heaney, G3MDQ (Devon) Tel 01395 444121.

Contents of electronics workshop, including instruments (some collectors), tools, light machinery, thousands of components, valves, back issues *Wireless World* and other mags. Period text books on television and radio engineering, reel to reel tape recorders, radiogrammes, speakers etc. Telephone 01536 743524 (Kettering) for further information.

McMichael stereogram set including 4-speed turntable. Also a Grundig tape master circa 1960s. Free to a good home, must be collected. Ian Banton (Middlesex) Tel 0208 3665908.

Television magazines Jan 1994 to Dec 2005, a few missing months. Best offer, carriage extra. Allen Snow (G8YMR) (Tewkesbury) Tel 01684 295189.

AVO Model 8 test meter £80. Norman Tel 01772 732571, 8 Hendon Place, Ashton-On-Ribble, Preston, Lancashire, PR2 1UA.

WANTED

Circuit Diagram required. For a Brenell MK5 reel-to-reel tape recorder. Also, please, circuit diagram for a HMV Table Radiogram, circa 1950s early 60s model 1115. Would be most grateful for readers' help. David (Cheshire area) Tel 01625 533840.

Oscilloscope and/or valve tester, any make working or not. Norman Tel 01772 732571 (Lancashire)

Copies of the Meteor receiver which appeared in *Radio Constructor* for September, October and November 1955. Costs refunded. Dennis Goacher Tel 01793 828188 (Swindon).

AEI. CS2/A (CV103) VHF diodes. Up to three. One will suffice. Must be new or in top condition. Used in Marconi TF995A/5 series VHF signal generators. Can pay by cheque or debit card (Lloyds bank). Peter Le Quesne, ZLATCC (23 Oriol Place, Napier 4112, New Zealand) Email paleq@clear.net.nz.

WILSON VALVES

(PROP JIM FISH G4MH)

Over 60,000 valves stocked, 2000 different types, for ham radio, audio, military. Fast service. Send SAE for list
